Pitchside Media

Who we are and what we offer...

Pitchside Media originated as a stand-alone business in 2020. Although TDA had previously provided media advertising boards to clients for over twenty years, it wasn't until we were approached by Ammanford AFC did we develop a business which was able to streamline media board sales and their management.

Pitchside Media was born and has slowly and successfully developed over the past few years by providing our clients with well designed boards, quality printed at an economic rate. Our procedure from order to delivery/fitting is quick, easy and user friendly.

How our service works...

- We discuss your initial requirements and offer a service and product to meet your objective and expectations.
- Your Club will be provided with a dedicated web space and pages on our website.
- Your new sponsor contact details are emailed to us. We will liaise on your behalf to secure their design requirements.
- We post their designed media board on our Pitchside Media website and email them a proof of their designed board advert and a back link to your Club's online roofing page, where they are able to approve the design for print or request further amendments/additions.
- Once your sponsor has approved their media board design, we will inform your Club representative we are ready to print.

The above procedure removes the hassle of sponsor advert information gathering and proofing process, We do this for you as part of our service.

What we offer...

Following a meeting with your advertising representative, we will produce **Free-of-charge** a pdf sales brochure and social media adverts which they can use as their tool kit to reach existing and new potential sponsors.

Free liaison with your potential sponsor where we gather their information and design a creative pitchside media advert. We will upload their advert and display it on our Pitchside Media.co.uk web site, where they may instruct us to print or amend.

Once they have approved their design, we will print and deliver their board to your ground and fit as required

We will amend their pitchside media advert to a format suitable for printing in your match day programme.

You will also get a copy of your pitchside media boards, plus club branding reproduced to provide quality Clubhouse TV advertising.

Free generation of your Club's revenue building events or functions for social media advertising.

Pitchside Media

We are part of a great team...

teglan
design associates
creative media & print

Pitchside Media is owned and operated by Teglun Design Associates, based on the edge of West Wales, near to Carmarthen.

TDA are a design consultancy driven creative hub, which operate in many diverse fields of marketing and promotion.

We are dedicated to bring our clients, both creative ideas and economical solutions to their marketing activities.

TDA provide their products and services under different marketing names, yet all have TDA's principles and values at their core. Our clients are varied and located throughout the UK and are an addition to our very strong local client base.

Our services include:-

- Advertising & Marketing Campaigns
- Creative Graphic Design
- Print & Online Media
- Business Development Plans
- Grant & Project Proposals
